

**California Advanced Services Fund
Shingletown Grant Proposal**

Project Summary

Applicant: Citizens Telecommunications Company of California, Inc.
Contact: Christine Burke
Manager, Regulatory Affairs
christine.burke@ftr.com
Project Title: Shingletown
Location: Shingletown, Shasta County
Type: Last Mile
Grant Request: \$545,690

Citizens Telecommunications Company of California, Inc. (Frontier) will build 64,950' of fiber cable from the Shingletown, California central office to six (6) digital loop carrier sites serving 1185 households. These sites are currently fed with Ethernet over copper technology and the existing bandwidth is not capable of providing more than 3 Mbps download speeds and 768 Kbps upload speeds. The existing DSLAM's at these sites are Ethernet capable and the fiber feed will allow for the use of ADSL2+ bonding technology.

The project size is 12.7 square miles.
