¹ The term "activation rate" is unclear in the context of the iFoster Pilot program. Instead, T-Mobile has identified new activations for each particular month. The count of subscribers has been adjusted to account for duplicates per information provided by iFoster in the Redemption Claim. It also does not include information on seventeen subscribers that were transitioned to the Extension Program in August but were otherwise inadvertently not included in the Redemption claim for that month.

² T-Mobile is unable to determine a churn rate for participants in the iFoster Extension Program as this is the first month where youth were able to subscribe.

³ There are no redemption codes associated with the iFoster Pilot Extension Program.

⁴ An anonymized subscriber number has been assigned to each billing account.

⁵ Out of privacy concerns for the Foster Youth, no addresses have been provided to T-Mobile for their accounts.
