	4. Additional Information Relating to Consumption Data by Census Tract	
Related Name in Original Request	**Information Request**	**SDG&E Response**
several	Explain the meaning of marking "N/A" for some categories.	N/A has been removed from the Census Tract and Zip Code workbooks for Noncore EOR, Noncore Wholesale and Noncore Refinery Load as SDG&E does not have those customers.
CoLoad	Describe how CoLoad was calculated.	For the usage data, the annual therms were summed by Census Tract and then divided by the average Btu value of 1.025 (obtained from the 2021 Supplemental CA Gas Report) and then divided by 365 days. See cell A727 for note.
NCCommLoad, NCIndLoad, NCEGLoad, NCLoad	Amounts are marked "CONFIDENTIAL" in cases where there are no reported customers in these categories. In such cases, provide that the value is not confidential and is 0, or provide a motion for confidentiality addressing this matter.	This has been corrected
