

## Resiliency and Microgrids Working Group – WebEx Meeting

### Subject: Interconnection – Microgrid Islanding Study

September 17, 2021 10:00 AM – Noon

#### WebEx (Slide View/Submit Written Questions)

*No registration is required.*

Event Link:

Event number: 2487 823 4564

Event password: RMWG (case-sensitive)

#### Phone (Listen Only)

United States Toll Free 1-855-282-6330

Access code: 2487 823 4564

#### Contact

- Patrick Saxton, (916) 894-5648, Patrick.Saxton@cpuc.ca.gov

*This workshop will be held via WebEx. **All workshop participants will be muted during the introduction and speaker presentations.** During the discussion, participants may use either the “raise your hand” WebEx button online or the Chat window to comment/ask questions. Call-in users may dial \*3 to raise their hand. Questions/comments will be addressed in the order received.*

---

## Background:

Rulemaking 19-09-009 facilitates the commercialization and deployment of microgrids while prioritizing system, public, and worker safety and avoiding shifting costs between ratepayers. On September 12, 2019, the Commission initiated this Rulemaking to design a framework surrounding the commercialization of microgrids associated with Senate Bill (SB) 1339 (Stern, 2018), as well as to account for the Commission’s commitment toward utilizing additional technologies and activities that may be useful for achieving overall resiliency goals.

As part of the rulemaking, the CPUC organized a working group to facilitate thoughtful and informed discussions to continue to support the goal of resiliency and the commercialization of microgrids. Specifically, the RMWG will further explore issues not previously addressed or under current consideration by the Commission. The topics may be subject to change and reprioritization as the discussions evolve over the course of the working group meetings.

## **Purpose of the Meeting:**

- San Diego Gas & Electric will present on their experience integrating microgrids into their utility system. The Green Power Institute will present on difficulties they have experienced interconnecting front-of-the-meter resources and their concerns on how this could carryover to microgrid interconnections. There will be a question and answer period after each presentation

## **Meeting Agenda:**

<b>Introduction</b> <i>(CPUC Staff)</i> WebEx logistics, agenda review	<b>10:00a – 10:10a</b>
<b>San Diego Gas &amp; Electric – Experience Integrating Microgrids</b> <i>(SDG&amp;E Staff)</i> Presentation Q&A	<b>10:10a – 11:10a</b>
<b>Green Power Institute – Experience Interconnecting Front of Meter Resources</b> <i>(GPI Staff)</i> Presentation Q&A	<b>11:10a – 11:55a</b>
<b>Closing Remarks, Adjourn</b> <i>(CPUC Staff)</i> Provide information on the next meeting	<b>11:55a – noon</b>
