### **Message From Our President**

At Liberty, we recognize that our relationship with our customers goes beyond the sale and consumption of our product. We must also be an active, engaged member of the communities we serve.

This community engagement includes creating opportunities for businesses that represent and reflect the rich, diverse heritage and culture of California. The Utility Supplier Diversity Program (USDP) is a program that we have shared with other Liberty operations across the country, carrying the spirit of this initiative beyond our California borders.

In 2020, our parent company, Algonquin Power and Utilities Corporation, established and started rolling out a company-wide supplier diversity policy and program across the organization.

For over 16 years, we have participated in the California Public Utilities Commission's (CPUC) USDP with our two Southern California regulated water utilities -- Liberty Utilities (Park Water) Corp. and Liberty Utilities (Apple Valley Ranchos) Corp. Liberty Park Water operates three water systems in southeast Los Angeles County, serving the communities of Norwalk, Bellflower, Compton, and Lynwood, among others, and one water system in northeast Los Angeles County, service the community of La Canada. Liberty Apple Valley Ranchos serves about 50 square miles in the Town of Apple Valley, Victorville, and Yermo.

As part of the USDP, we continually develop ongoing business relationships with talented minority and women owned businesses, disabled veterans firms, as well as lesbian, gay, bisexual, and transgender business enterprises. We do this not just because the CPUC has established this worthwhile program, but because it is good business.

Our diversity efforts in 2020 saw great success. Last year we achieved 25.33 percent spend with diverse businesses, exceeding the CPUC's target of 21.5 percent. We purchased about \$8.5 million in products and services from 37 diverse businesses.

We are committed to expanding and strengthening our relationships with our diverse suppliers and increasing our annual spend with diverse businesses.

Chris Alario

President, Liberty Utilities California

# Description of WMDVLGBTBE Program Activities During the Previous Calendar Year

#### **Internal Program Activities**

2020 proved to be a year full of challenges, requiring Liberty's supplier diversity program to pivot constantly because of the changing environment and the ongoing impact of COVID-19.

Liberty's internal program activities were challenged like never before. Liberty found new ways to tackle these challenges, identify new opportunities, and work with existing and new diverse suppliers.

Even with most of Liberty's workforce working from home, Liberty kept moving forward and continued to build new supplier relationships along the way, utilizing diverse suppliers to help adapt to the changing circumstances.

Liberty continued to develop new relationships with prospective suppliers. Traditional meet and greet practices moved to online webinars, meetings, and matchmaking. However, the principles have remained the same – identifying, meeting, and understanding suppliers and their core business; matching them to Liberty's supply needs; and delivering value whether in the form of cost, quality, schedule, safety, or innovation.

#### **External Program Activities**

2020 shifted from the typical in-person events to virtual meet and greets.

Liberty worked with the California Water Association (CWA) and diverse suppliers through virtual meetings.

- USDP monthly meetings
- CWA Water Acumen Training for Entrepreneurship Refinement (WATER) (four sessions)
- CWA "Meet the Primes" (supplier meet and greet)
- CWA Community Based Organization Summit
- California Hispanic Chamber of Commerce Virtual Statewide Convention

### Description of WMDVLGBTBE Planned Program Activities for the Next Calendar Year

10.1.2

#### Internal

Planned activities for 2021 will include adjusting Liberty practices through the development of standard operating procedures related to procurement of goods and services, along with continued employee participation as internal champions for supplier diversity.

#### **External**

Liberty has requested its internal stakeholders to increase participation in outreach activities to target diverse suppliers who meet Liberty's new and continuing needs for products and services.

As part of CWA's diversity team, Liberty continues to collaborate, review, and adjust its approach. This collaboration expands Liberty's outreach to a broader audience.

Liberty and its fellow water utilities continue to make positive strides by continually evaluating practices in place and adapting to the current world, recognizing the importance of virtual collaboration and understanding shifting industry needs.

#### Plans for Recruiting WMDVLGBTBE Suppliers in Low Utilization Areas 10.1.3

Liberty's internal diversity program will continue to work with prime suppliers.

To further increase underutilized areas, Liberty will work with certifying organizations, Community Business Organizations (CBOs), and similar groups to develop and host diverse supplier events and to enable them to better assess supplier needs within the company.

#### Plans for Recruiting WMDVLGBTBE Suppliers Where Unavailable 10.1.4

Liberty will continue to evaluate recruiting diverse suppliers where unavailable.

Liberty will continually communicate with new suppliers to see if opportunities for certification are possible.

### Plans for Encouraging Prime Contractors to Subcontract WMDVLGBTBE

10.1.5

Encouraging subcontracting through prime contractors is challenging, but Liberty continues to show progress.

Regularly educating prime contractors to help drive Liberty's supplier diversity initiative is proving positive. Liberty increased its subcontracting spend by 52% in 2020.

### Plans for Complying with WMDVLGBTBE Program Guidelines 10.1.6

Liberty's continued delivery of results demonstrates that its internal champions play a major role in driving this program forward through their participation in outreach events and advising of their upcoming needs for matchmaking events or bids.

In 2021, Liberty will focus on further developing and supporting its work with the internal champions and implementing and working within a companywide procurement framework. Liberty will continue to meet and strive to exceed goals as defined in G.O. 156.

#### **Supplier Spotlight – High Desert Underground**

High Desert Underground (HDU), a woman-owned family business headquartered in Apple Valley, California, has been in pipeline construction for many years. Expanding through general contracting and pipeline infrastructure, HDU has worked with Ft. Irwin, Edwards AFB, Yorba Linda, Riverside, Highland, and Needles.

HDU has partnered with Liberty Utilities Apple Valley for over 20 years, focusing on efficient water construction services to support the utility.

HDU makes safety and reliable customer service a standard business practice. It is a business that values relationships, meets its customers' needs, and values its customers' ideas.
