SAN FRANCISCO, CA 94102-3298

**PUBLIC UTILITIES COMMISSION REPORT PURSUANT TO  
PUBLIC UTILITIES CODE SECTION 910.1****Introduction**

Pub. Util. Code Section 910.1 requires that the California Public Utilities Commission (Commission) report annually on the timeliness in resolving cases, information on the disposition of applications for rehearing, and the number of days that Commissioners presided in hearings. It further requires that the Commission submit the report to the Legislature no later than February 1 of each year. The Commission submits this report for the reporting period of calendar year 2018.

Pub. Util. Code Sections 1701.1 et seq. require that matters be resolved within certain time periods, depending on the categorization of a proceeding. Effective January 1, 2017, adjudicatory matters must be resolved within 12 months and ratesetting and quasi-legislative matters are to be resolved within 18 months of initiation, unless a longer deadline is set by the assigned Commissioner's scoping memo or Commission order extending the statutory time period. A proceeding has been resolved when the main issues have been decided such that the proceeding could usually be closed. At times, proceedings that have had all substantive issues decided may remain open or are "re-opened" because of other issues, such as petitions for modifications, various motions, or requests for intervenor compensation.

Prior to January 1, 2017, Pub. Util. Code Sections 1701.1 et seq., most notably the requirement for scoping memos and the statutory deadlines, did not apply to proceedings that were not subject to evidentiary hearing. Senate Bill 215 (Leno, Stats. 2016, ch.807), amended Sections 1701.1 et seq. to extend its provisions to all proceedings regardless of whether they are subject to evidentiary hearing.

As described in this report, all of the proceedings resolved at the Commission during 2018 that were subject to statutory deadlines were completed consistent with statutory timeframes, either due to resolution within the statutory deadlines, or because a scoping memo establishing a longer deadline or timely extension order was issued as permitted by law. This report provides details regarding whether proceedings were resolved in a timely manner with or without extension orders. More detailed information is contained in the attached Appendices A-I.

Appendix J reports the days that Commissioners presided in hearings, and Appendix K reports information on the disposition of applications for rehearing.

## **Description of Attached Appendices A-K**

### **Appendix A – Proceedings Initiated Before January 1, 2017, not Subject to Evidentiary Hearings, Active During 2018 (Resolved and not Resolved)**

Appendix A lists 56 proceedings active during 2018 that were initiated prior to January 1, 2017, and not subject to evidentiary hearings. Of the 56 proceedings, 21 were resolved during 2018. The remaining 35 proceedings are currently active and on schedule.

### **Appendix B – Complaints Under the Expedited Complaint Procedure, Active During 2018**

Appendix B lists 25 Expedited Complaint Proceedings (ECP) that are small complaint cases handled under special procedures analogous to “small claims” court. These proceedings are not subject to statutory deadlines. We are reporting these matters separately because the Commission has adopted more aggressive timelines for these cases than the statutory timelines for other proceedings. The Commission has established an informal 132-day target for this type of proceeding to be resolved.

During 2018, 21 of these 25 proceedings were resolved. Four proceedings remain active.

### **Appendix C – Proceedings Active During 2018 – Proceedings Resolved on Schedule**

During 2018, the Commission timely resolved 191 proceedings, including 29 proceedings that were initiated prior to January 1, 2017, and subject to evidentiary hearings and 162 proceedings that were initiated after January 1, 2017. (16 Adjudicatory, 170 ratesetting, 1 quasi-legislative; 4 proceedings resolved rehearing-related issues that were not categorized.)

### **Appendix D – Proceedings Active During 2018 – Proceedings not Resolved but Still on Schedule**

During 2018, there were 23 active, unresolved proceedings that were initiated prior to January 1, 2017, and subject to evidentiary hearings and 218 active, unresolved proceedings that were initiated after January 1, 2017. Of the 241 proceedings, 32 are adjudicatory, 20 are quasi-legislative, 1 is quasi-legislative/adjudicatory for Phase II of a proceeding, and 179 are ratesetting. All of these proceedings are currently on schedule, taking into account statutory deadlines, orders extending statutory timeframes, and scoping memos establishing deadlines that in some instances exceed basic statutory timeframes. Eight proceedings are addressing rehearing-related issues and categorization will be addressed as necessary if the Commission subsequently grants rehearing. One proceeding is addressing arbitration issues and was not categorized.

### **Appendix E – Petitions for Rulemaking**

Petitions for Rulemaking are statutorily mandated proceedings subject to the deadlines in Pub. Util. Code Section 1708.5. The Commission is mandated to issue a decision in this type of proceeding within six months. Appendix E shows that five such proceedings were active during 2018 and that the Commission has issued three timely decisions. Two petitions are active and currently on schedule.

### **Appendix F – Citation Appeals and General Order 156 Appeals**

The Commission, in Resolution ALJ-299, signed on June 26, 2014, established a Pilot Program Citation Appeal and General Order 156 Appellate Rules, effective January 1, 2015. Under this pilot program, these appellate records will be easily accessible, thus enhancing due process in these expeditious proceedings. Appendix F shows that ten such appeals were active during 2018 and that the Commission has issued six resolutions addressing the appeals. Four appeals are active.

### **Appendix G – 60-90 Day Compliance for Adoption of Decision**

The Legislature has also established guidelines for the length of time between the issuance of a proposed decision and the adoption of a final decision by the Commission, applicable to ratesetting and quasi-legislative proceedings requiring a hearing. The guidelines are either 60 or 90 days depending on certain circumstances.

During 2018, the Commission considered 33 proposed decisions in proceedings subject to these guidelines. The Commission adopted 29 final decisions in such proceedings. In 22 instances, the final decision was adopted within the guidelines and in seven instances, the final decision was issued later than the period specified in the guidelines. Three proposed decisions are pending the Commission's action. One proposed decision was withdrawn.

### **Appendix H – Issuance of Presiding Officer Decisions and Proposed Decisions**

For proceedings that require a hearing, the Legislature has also established guidelines for the length of time between the submission of a matter for decision and the issuance of the proposed decision. During 2018, the Commission issued nine presiding officer decisions and 33 proposed decisions in such proceedings. Out of these 42 decisions, 22 were issued within the mandatory 60-day and 90-day timelines.

### **Appendix I – Issuance of Extension Orders and Scoping Memos**

The Legislature has also established a process for extending the statutory deadlines through issuance of an extension order. During 2018, the Commission issued 67 extension orders in 51 separate proceedings (more than one extension order was issued in some proceedings), including proceedings which remained open at the end of 2018. Of the 242 proceedings resolved in 2018, 221 proceedings were subject to statutory deadlines and there were 26 proceedings where extension orders were issued.

The assigned Commissioners issued 202 scoping memos in 193 proceedings (more than one scoping memo was issued in some proceedings.)

### **Appendix J – Commissioner Attendance**

Appendix J reports the Commissioner attendance at hearings during the period. The table shows that Commissioners attended 84 days of hearings and presided during 22 of those 84 days.

### **Appendix K – Information of Disposition of Application for Rehearing**

Appendix K reports information on the disposition of applications for rehearing in 2018.

### **Conclusion**

In summary, this report, submitted in compliance with Pub. Util. Code Section 910.1, provides the public and the Legislature information on Commission action in formal proceedings. Specifically, 528 proceedings were active at the Commission during the 2018 reporting period. 242 of these proceedings were resolved during 2018. 100% of the proceedings subject to statutory deadlines were resolved consistent with statutory requirements, taking into account scoping memos, which in some instances set deadlines longer than basic statutory timeframes, and orders extending the statutory timeframes adopted by the Commission, as permitted by statute. The Commission is committed to continuing to achieve full compliance with the statutory guidelines.
