

R.21-0-001 Technical Working Group Meeting #2:  
Collaborative Approaches to Safety Culture

**June 24, 2022, 1pm-4pm; Virtual – Webex link:**

<https://cpuc.webex.com/cpuc/j.php?MTID=m20c46582d91ac6fa65d3f74b1a7c1d85>

Objective

*Develop a shared understanding to respond to the following scoping memo questions, with the goal of ensuring safety culture assessments are focused on safety improvement within the industry:*

- How can the Commission develop an approach for improving safety culture that provides greater opportunity for collaboration among regulators and regulated industry representatives?
- What mechanisms could be used in such implementation that ensure accountability through coordination and collaboration as opposed to a framework based primarily on a protectionist centered model?

Agenda

- 1. 1pm-1:20pm: Welcome and introduction (20 mins)**
  - CPUC Safety Policy Division: Agenda Review and Objective (10 mins)*
  - CPUC Commissioner Houck; Office of Energy Infrastructure Safety Director Thomas Jacobs: Opening comments (10 mins)*
- 2. 1:20pm-2:20pm: Overview of collaborative approaches for safety culture (60 mins)**
  - CPUC Safety Policy Division: Lessons Learned from Other Regulators and Ideas for Collaboration (20 mins)*
  - Dr. Paul Schulman: Collaborative Challenges in the Assessment of Safety Culture in Regulated Utilities (20 mins)*
  - All: Question and answer (20 mins)*
- 3. 2:20-2:30 Break (10 mins)**
- 4. 2:30-3:30: Joint utility presentation: Proposals to answer the scoping questions (60 mins)**
  - PG&E, SCE, SDG&E, and SoCalGas: Suggestions for Building a Collaborative, Safety Oriented Culture at Regulated Entities (45 mins)*
  - All: Question and answer (15 mins)*
- 5. 3:30-4:00pm: Open discussion and next steps (30 mins)**
