

PUBLIC UTILITIES COMMISSION

505 VAN NESS AVENUE
SAN FRANCISCO, CA 94102-3298

April 6, 2015

TO ALL CLASS B, C, AND D WATER AND SEWER UTILITIES

Subject: Rate Adjustments due to CPI-U Increase for 2014

On March 31, 1992, the Commission issued Decision 92-03-093, authorizing Class C and D water utilities to file each year by advice letter for a rate increase based on the most recent year-end increase in the Consumer Price Index for All Urban Consumers (CPI-U).¹ Subsequent resolutions (Res.) W-4493², Res. W-4540³, authorized sewer and Class B water utilities to file a CPI-U advice letter each year.

The CPI-U increase for 2014 is 0.8%.

Any Class B, C, and D water utility, and sewer utility, that is presently earning a lower rate of return (ROR) than its most recently authorized and is not presently subject to a test year, attrition year, or other general rate increase, is authorized to file for a CPI-U increase once each year, by advice letter. If your utility missed filing a CPI-U for one year, it **may not file retroactively** for that CPI-U in the following year.

Please follow the Summary of Earnings (SOE) format shown in Attachment 1 to determine your authorized and actual ROR. You would then compare these RORs to determine if the actual is less than or greater than authorized (see excerpt from Standard Practice U-27-W in Attachment 4).

Please file an advice letter (in accordance with General Order 96-B) requesting a CPI-U increase, **only** if the ROR based on actual revenues **does not** exceed the authorized ROR and if the projected revenue (with the CPI-U increase) **does not exceed** the authorized ROR. Please follow the following procedures when filing:

1. File an advice letter similar to that shown in Attachment 2.(Revised 4-6-2015)
2. Please also include a Cover Sheet (Attachment 3) to your advice letter, and the Service List from your last General Rate Case, with your CPI-U request. (Revised 4-6-2015)
3. Please include a copy of your 2014 Annual Report which is required to be filed by March 31, 2015.
4. If a utility has been authorized a Rate of Margin (ROM) instead of a Rate of Return, please substitute that measure when comparing Authorized versus Actual Revenues.
 - a. Actual ROM = 1 – (Operating Expenses/Operating Revenues).

¹ Announced by the Bureau of Labor Statistics, U.S. Department of Labor.

² September 2, 2004.

³ June 16, 2005.

5. Notice of a CPI-U request is **no longer required** under General Order 96-B. Utilities are now required to inform their customers of the CPI-U request via a bill insert with the first bill that contains the increase.⁴
6. Provide copies of the revised tariff schedules to reflect the increase that you are requesting (see Attachment 4 for examples).
7. Increase each rate, including facilities fees, by **0.8%**, the CPI-U increase for 2014.
8. Provide a copy of the SOE in which you calculate the authorized versus actual RORs or ROMs, utilizing the following actual data:
 - a. Actual Revenues for 2014
 - b. Estimate of increased revenues (add the 0.8% CPI-U inflation to actual revenues for 2014).
 - c. Actual Expenses for 2014. Provide actual individual expenses for 2014, based on the line item accounts as they appear in your last General Rate Case (GRC) Summary of Earnings.
 - d. Estimate of Rate Base equals (beginning of year rate base plus end of year rate base)/2.
9. Adjust all base rates (not surcharges and not reconnection fees, etc.) by multiplying by 1.008. Do not increase some base rates and not increase others.

If you have any questions, please feel free to contact Ramon Go at rhg@cpuc.ca.gov or (415) 703-1350.

Sincerely,

Rami Kahlon, Director
Division of Water and Audits

###-W	Schedule No. ###	###-W
###-W	Schedule No. ###	###-W
###-W	Schedule No. ###	###-W
###-W	Table of Contents	###-W

REQUEST

By AL ###, ### requests permission to increase its revenues (based on increase to the present monthly quantity rate and service charge) by 0.8%, the Consumer Price Index (CPI) for 2014. This projected revenue increase of \$### will not result in a rate of return which exceeds the authorized rate of return of ###%. Workpapers justifying this increase are enclosed.

BACKGROUND

The present rates became effective on ###, pursuant to Resolution W-###, which authorized an offset (CPI) rate increase of \$###, or ###%.

The last general rate increase became effective on ###, pursuant to Resolution W-###, which authorized a general rate increase of \$###, or ###%, and a rate of return of ###%.

AL ### is filed pursuant to Ordering Paragraphs No. 1 of **Decision 92-03-093** and **Resolution W-4493**, which authorize Class C and D water and sewer utilities to file a request for a CPI increase once a year by AL. The increase is to be passed on to the utility's customers in their quantity rate and service charge.

TIER DESIGNATION AND REQUESTED EFFECTIVE DATE

This AL and the enclosed tariff sheets are submitted pursuant to General Order (GO.) 96-B. AL ### is designated as a Tier 1 AL and the enclosed tariff sheets will become effective upon filing.¹

NOTICE

This AL does not require notice;² however, the utility shall inform its customers, by bill insert in the first bill that includes the increase, of the amount of the increase expressed in dollar and percentage terms.³ A copy of this AL has been served to all parties listed on the service list⁴ on the last page of this AL. This filing will not cause withdrawal of service nor conflict with any other schedule or rule.

RESPONSE OR PROTEST⁵

Anyone may respond to or protest this AL. A response supports the filing and may contain information that proves useful to the Commission in evaluating the AL. A protest objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds are:

1. The utility did not properly serve or give notice of the AL;
2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding;
or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require relitigating a prior order of the Commission.

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility.

I – EARNINGS TESTS

65. Class B, C and D utilities requesting a CPI offset must pass an earnings test. This test involves the following:
- a. If the last General Rate Case authorized a rate of return, create a recorded Summary of Earnings and compare the adopted rate of return to the recorded rate of return. Using the Summary of Earnings, increase the most recent adopted revenues by the CPI percentage and recalculate the rate of return. If the new return exceeds authorized, the utility will only be eligible for part or none of the increase.
 - b. If the last General Rate Case authorized a return on margin, calculate the recorded return on margin by taking $1 - \text{Operating Ratio}$, where Operating Ratio is equal to Recorded Operating Expenses (operations and maintenance expenses, annual depreciation on non-contributed facilities, amortization of multiyear expenses and applicable taxes: income taxes, property taxes, taxes other than income, payroll taxes) divided by the most recent adopted Operating Revenues increased by the CPI. Compare this percentage to the authorized return on margin percentage. If the new return exceeds authorized, the utility will only be eligible for part or none of the increase.
66. If the earnings test shows that the utility is over-earning, adjust the requested amount by the over-earning amount.
