WebEx meeting number (access code): 2482 859 2623

WebEx password: 2023

To listen or make comments, not to exceed 2 minutes, by phone dial 800-857-1917 and enter passcode: 1673482#

The electric investor-owned utilities and Joint Parties will publicly present to the CPUC and other stakeholders regarding fast trip, unplanned outages, and distribution reliability issues and the impacts on customers. [Ruling 18-12-005](#) from President Reynolds directed this workshop to help identify issues and questions that will help the Commission make decisions related to IOUs' fast trip programs and other newly emergent reliability concerns. The discussion will look at the causes of power outages, including outages related to public safety power shutoffs, outages on circuits where fast trip settings are activated, and any other types of outages tracked by utilities. There will also be an opportunity for public comment at the end of the workshop.

### Agenda

#### Opening Remarks - Introduction to Workshop

9:00 a.m. – 9:15 a.m.

CPUC Commissioners  
Steven Klaiber, Senior Regulatory Analyst, Wildfire Safety Enforcement Branch

#### Joint Parties Presentation and Questions from Dais

9:15 a.m. – 9:45 a.m.

John Kennedy, Policy Advocate, RCRC  
Kirstin Kolpitzke, Legislative and Regulatory Manager, Pioneer Community Energy  
Neal Reardon, Director of Regulatory Affairs, Sonoma Clean Power  
Amulya Yerrapotu, Policy Associate, Marin Clean Energy  
David Pepper, External Counsel, Joint CCAs

Protecting California since 1911

The CPUC regulates privately owned electric, natural gas, telecommunications, water, railroad, rail transit, and passenger transportation companies.
