We have performed the procedures enumerated below, which were agreed to by the management of the San Diego Gas & Electric Company ("SDG&E") and the Southern California Gas Company ("SoCalGas") (collectively, the "Companies"), solely to assist the management of the Companies in evaluating the compliance of the 2019 Tables (the 2019 Tables are included in the Companies' General Order No. 77-M 2019 Annual Report and consist of the Companies' Executive Officers and Employees with a Base Salary of \$250,000 or More Per Annum and Executive Officers of the Utility's Holding Company Summary of Compensation Table, 2019 Options Exercised and Stock Vested Table, 2019 Change in Pension Value and Above-Market Interest Table, and 2019 All Other Compensation Table) with subsections (a) and (c) of the Public Utilities Commission of the State of California's (the "CPUC") General Order No. 77-M ("GO No. 77-M"). The table above provides a breakdown of the amounts included in All Other Compensation. The amounts reported above are the amounts reported in the Sempra Energy proxy statement and the SoCalGas information statements plus amounts related to regular employee benefits (medical, dental, vision, life, etc).

San Diego Gas & Electric Company
Narrative Statement Describing Compensation Elements
For the Year Ended December 31, 2019

This narrative statement and the amounts reported herein generally follow the presentation included in the Sempra Energy proxy statement and Southern California Gas Company information statement prepared for their annual meetings of shareholders held on May 5, 2020 and May 21, 2020, respectively.

1. Base Salaries

The executive compensation programs of San Diego Gas & Electric, Southern California Gas Company, and Sempra Energy emphasize performance-based annual bonuses and equity-based long-term incentive awards. However, base salaries remain a necessary and standard part of compensation for attracting and retaining outstanding employees at all levels.

Base salaries for executive officers are targeted at the median of those for the Fortune 500 companies with revenues between \$5.5 billion and \$22.75 billion (“general industry peer group”). Using national general industry comparisons helps attract and retain top-quality executive talent from a broad range of backgrounds.

Base salaries for executive officers are reviewed annually and the following factors are considered:

- Peer group salary data
- Individual contribution and performance
- Labor market conditions
- Company performance
- Complexity of roles and responsibilities
- Succession planning
- Retention needs
- Reporting relationships
- Internal equity
- Experience

2. Performance-Based Annual Bonuses

Each year, performance guidelines are established for annual bonuses. Consistent with the pay-for-performance philosophy, the guidelines do not provide for any bonus payment unless the threshold (minimum) performance level is attained. Bonus opportunities increase for performance above the threshold level. For a detailed description of individual bonus opportunities, performance measures and 2019 results, please refer to pages 48-50 and 97-99 of the Sempra Energy proxy statement and pages 17-21 of the SoCalGas information statement.

Potential bonuses at threshold, target and maximum company performance are expressed as a percentage of each executive officer’s base salary. The target bonus potentials and percentages are consistent with the leverage typically found in bonus plans within general industry. Extraordinary company or individual performance may result in the payment of bonuses above the guidelines.

3. Long Term Equity-Based Incentives

Long term equity-based incentives are the largest single component of each executive officer’s compensation package. In 2019, the long-term incentive plan award was in the form of performance-based and time-based Sempra Energy restricted stock units. This award structure was determined after considering many variables. These included alignment with shareholder interests, plan expense, share usage and market trends.

Performance-based restricted stock units:

Each annual performance-based restricted stock unit granted in 2019 represents the right to receive between zero and 2.0 shares of Sempra Energy common stock. The 2019 annual performance-based restricted stock unit awards are based on two performance measures – relative total shareholder return and earnings per share growth.

San Diego Gas & Electric Company
Narrative Statement Describing Compensation Elements
For the Year Ended December 31, 2019

Time-based restricted stock units:

Time-based restricted stock units granted in 2019 vest in equal installments of one-third over a 3-year period, subject to continued employment through each vesting date. The primary purpose of these awards is to promote retention.

For a detailed description of the 2019 awards and the results for the 2017-2019 award cycle, please refer to pages 51-55 of the Sempra Energy proxy statement and pages 22-25 of the SoCalGas information statement.

Benefit Plans

Executive officers also participate in other benefit programs including: 1) Health, Life Insurance and Disability Plans, and Other Benefits; 2) Retirement Plans; and 3) Savings and Deferred Compensation Plans. These benefits are described on pages 56-58 of the Sempra Energy proxy statement and pages 26-28 of the SoCalGas Information Statement.

Regular Employee Benefits

The SEC's proxy rules, for the most part, do not require reporting of broad-based employee benefit plans such as those providing medical, dental, life or disability coverage. However, amounts related to broad-based pension benefits and the 401(k) savings plan are discussed in the Compensation Discussion and Analysis and reported in the executive compensation tables.

The companies' flexible benefits plan allows employees to select the types and levels of benefits that best meet their needs and those of their families. Benefit options include:

- Medical plans (choice of HMO's and a high-deductible health plan)
- Dental plans (choice of Delta Dental plan and dental HMO)
- Long-term disability coverage
- Life insurance
- Accident insurance
- Healthcare, Dependent day care and Transportation flexible spending accounts

Each benefit option has a price tag reflecting the employee's cost for coverage. The amounts shown in the Regular Benefits column of the All Other Compensation table in this report reflect the portion of the benefit costs paid by the companies.

In addition to the flexible benefit plan, the companies also provide short-term counseling and referral services under the employee assistance plans and various wellness programs.
